<i>Bible School volunteer</i>	<i>Helped with k-2 craft time</i>
<i>Community theater</i>	<i>Helped with the theater productions</i>
<i>Earth day</i>	<i>Local community clean-up day</i>

Reflecting: Looking over my past year in 4-H

What was the most fun?	Earning my first State Fair trip.
What was my favorite project?	My favorite project was by rabbit, as I was able to raise him from a baby and watch him grow. I was able to see him be born, grow and then show him at the fair and learn how to do even better next time.
What didn't work?	My first attempt at making my 4-H pledge sign did not work! Cutting the vinyl is not easy and I messed it up.
What did I learn the most from?	Not to use a plastic bowl when whipping egg whites. Plastic bowls can retain oil that can cause egg whites to not whip or hold their peaks and your angel food cake will fail!!
Who helped me?	My mom and my club leaders.
What would I do differently?	Start my craft projects earlier in case they do not go as planned.

After you have filled in the above portions of this form, print it and sign and date it. Feedback from others and additional signatures should be obtained on this document (below). If you like, you may add other things that tell your 4-H story (e.g. photos, drawings, a journal, clippings, etc.). Not to exceed 4 additional pages.

Supportive feedback from others:

Great job this year - really enjoyed working with you and watching you grow + develop in your project areas. So glad that you were able to learn + experience the State fair this year.

A challenge for next year: try a new project area for next year - go out of your comfort zone.

Your learning experience is always so important + you will be able to share that with others + teach them that.
